
Town of Paradise Valley Bicycle & Pedestrian Master Plan

Wednesday, September 7, 2016

Time: 10:00AM-Noon

Location: Paradise Valley Town Hall

Connectivity and Routes

What does that mean?

Lincoln, Camelback, Invergarden

What defines a route?

Connections to certain destinations within and outside of Paradise Valley (identify)

Trail 100 - overpass.

Are there different routes for different users?

Doubletree - serious riders.

What for casual users?

Should there be a 'signature' Paradise Valley route?

Focus on a particular route like Lincoln, McDonald, Invergordon, others?

Invergordon!

PV so contained - difficult to get out.

Cost - what is physically possible?

focus on what feasible
for our residents!

Paul

Location: Paradise Valley Town Hall

Connectivity and Routes

What does that mean?

Walking connections separate from cars.

What defines a route?

Connections to certain destinations within and outside of Paradise Valley (identify)

connect to others outside to existing infrastructure.
* Camelback Mtn. Trail 100. To AS. To Fry's
Lincoln + Scottsdale.

Are there different routes for different users? @ Takum/Shea

Should there be a 'signature' Paradise Valley route?

Focus on a particular route like Lincoln, McDonald, Invergordon, others?

Sidewalks @ Lincoln -

12' shared use around Ritz Carlton - check it!

* Multi-use path thru wash -
what size?

Put on maps!!

→ to McComick
Railroad Park.

* Underpass @ Scottsdale Rd @ Indian Bend!
Paul says won't happen - tied to a wash.

* Jackrabbit a nightmare! - both ways.
'islands' narrow lane and make
very difficult for bikes.
bad for walking.

Chaparral has oleanders completely hanging
over sidewalk.

Wayfinding

What would a brand for Paradise Valley's walking and biking system look like?

What type of wayfinding/signage would be appropriate for Paradise Valley?

- Along major arterials roads (Tatum, Lincoln)
- Minor arterial roads (McDonald, 64th St/Invergordon, 68th/Mockingbird, Mockingbird/Northern, Invergordon, Doubletree)
- Collector streets (Jackrabbit, Stanford, Indian Bend, 36th, others)

*Invergordon needs help connectivity
safety*

How can technology be used as a way to implement wayfinding to complement minimal on-the-ground signs?

*encourage app use to highlight
PV trail & connectivity to other
city / TOWN TRAIL*

Serve Our Users

What does that mean?

Residents, Resorts, Guests

Bikers?

Pedestrians?

Tourists

Facilities that serve all?

Where do we need to focus on users, or where are the users we need to focus on?

- if walking the sidewalk is good. if biking, it's terrible,
- south to get to AT's, East to train park, the trail through Scottsdale
- RIZ is changing everything. ~~the whole path~~
- Scottsdale path way is really well done. Connectivity.
- How to make it better/easier for families to get out town.
- Sharrow.

subtle / desert colors

using rocks? Giant Rocks?
